

Robot Turtles

- No Device Required
- No Text/Visual Required
- Touch Required

Grade Level: PK

Students Per Device: 5.0

Computer Science Standard(s):

Washington State CS Standards: Algorithms and Programming

Product Summary

Preschoolers can learn programming one turtle move at a time. Robot Turtles takes seconds to learn, minutes to play and provides endless learning opportunities.

Through fun play and Code Cards, players move their Robot Turtles around the game board to reach a prized jewel. With every move preschoolers learn programming, from coding to functions, and get a jumpstart on 21st century thinking skills. This might be a coding board game for little programmers, but the entire family will love playing it, too.

Price	
Single Unit	\$19.97
Classroom Set (24 students)	\$nan
